**Computer Recommendations:**

A modern browser and broadband internet connection are encouraged. There is no specific RAM or CPU specific requirement for computers; however, as with any Internet Browser, the slower the computer, the slower pages and tools will load.

**Operating Systems:** Windows XP SP3, Windows Vista, Windows 7, Mac OS X 10.11 or higher

**Browsers:** Internet Explorer (Latest Version), Firefox (Latest Version), Google Chrome (Latest Version), and Safari (Latest Version)

**Additional Programs:** Some course content might require Java, Adobe Flash, or Adobe Reader.

**Internet Recommendations:**

Students will be required to have access to the Internet.

**Internet Speeds:** Cable modem, DSL, or Local Area Network (LAN) connection (wireless or hard connection). Dial-up connections are not supported. Disable pop-up blocking software you may have installed on your computer or pop-up blocking features that you may have enabled in your browser while using a Learning Management System. Please note that some additional browser toolbars that you may have installed can also act as pop-up blockers. These could include the Yahoo toolbar, Google toolbar, MSN Toolbar and more. Please check to see if your browser has any of these, or other toolbars that may block pop-ups, installed and disable their pop-up blocking feature while using a Learning Management System.
