

COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP) CREDIT

Criterion: Students must be accepted to the university, enrolled, and attending courses for CLEP credit to be transcribed. CLEP credit is only granted for undergraduate courses meeting minimum score criteria. Students must request that an official copy of the test score(s) be sent to the Avila University Director of Registration and Student Records for consideration.

Policy Statements:

1. All CLEP credits are recorded as credit (CR) grades and **do not** calculate into the students' grade point average. To meet the baccalaureate residency requirement of 30 hours, students must complete 30 hours of coursework at Avila and cannot count hours of CLEP credit toward meeting that requirement.
2. A student who has CLEP credit on another institution's transcript and wants that credit transferred must request that an official copy of the test score(s) be sent to the Avila University Director of Registration and Student Records. Credit will be granted for courses with scores meeting the Avila criteria for CLEP examinations. Credit for CLEP examinations is recorded after the student registers for coursework at Avila University.
3. Credit will be awarded based on the following minimum scores and Avila University course equivalencies.
4. **Test dates must be in the last ten years to be accepted for credit**

Procedure(s):

1. Students must request that the College Board send official copies of the test score(s) to the Director of Registration and Student Records in the Registration and Student Records Office.
2. Once the student has enrolled and attended, the Director of Registration and Student Records will review the received scores and send a letter to the student indicating the amount of credit and equivalent courses that will be entered on the student's official transcript. The academic advisor receives a copy of the credit letter.
3. The official scores become part of the student's official file located in the Registration and Student Records Office.
