COMMUNITY AND CULTURE EXPERIENCES

Overview

Students are required to complete two semesters of Cultural and Community Experiences before graduation. Prior to the semester, a list of events and volunteer opportunities will be posted on the Honors Program Canvas page. Events may be added as they are advertised, or students may suggest events to the director to be added to the list. Students must notify the director that they will be completing their CCE within two weeks of the respective semester starting.

Requirements for credit:

- Complete **four unique** experiences. This may be any combination of events or volunteer opportunities. If a student chooses to volunteer for all of their experiences, they must do so for **four unique** organizations or agencies.
    - Volunteering should be a minimum of 3 hours per agency for credit.
    - Take a photo of yourself at the event or location to document your time there.
- Complete a brief voice-over presentation (2-3 minutes) that will be shared on the Honors Program Canvas page. The goal of this is to share your experiences with your peers and reflect on your activities. This must be completed and submitted via Canvas by the last day of traditional classes during the respective semester (prior to finals beginning).

What to upload to Honors Program Canvas page:

- This completed form
- Photos of event
- 2 to 3-minute presentation with voiceover (video optional). The style of this presentation is entirely up to you. Please record the presentation, then save as an Mp4, so it may be viewed on any platform.
